

THE TOTE: ACCESSIBILITY

● Venue Entrance

Doors to the venue are push/pull doors and are not heavy. The Johnston Street entrance is a wide door entrance with a ramp for wheelchair access. If assistance is required, please contact the booking staff or venue manager. Feel free to contact in advance.

● Bathrooms

All bathrooms/cubicles are genderless.

Currently, the venue does not have accessible bathrooms, though we are working towards a solution. We apologise for this inconvenience. There are, however, accessible toilets next door at Collingwood Yards.

● Bandroom Entrance

Only the upstairs bandroom has stairs. The main bandroom and front bar are both accessible with no steps/stairs.

● Floors

The floors inside the venue are even.

● Seating Options

There are seats in the front bar and in both bandrooms. Please see the Duty Manager or email the venue in advance should any additional chairs be required.

● Open Air Spaces

Bartertown beer garden and bandroom beer garden are the venue's outside areas. These currently have steps and no ramps. If assistance is required, please feel free to ask staff.

● Strobe

The venue does not have strobes, though the LED lights do have a strobe function. If you would prefer no strobe effects, please inform the booking or sound staff.
